

## Just Plain Folks

**T**HERE is no cause for any of us to become stiff-necked and haughty. We are all just plain, common folks traveling along together, animated by the same hopes, desires and ambitions. The grocer isn't necessarily fat, simply because he has so many good things to eat, on sale, he may owe for the stock he is selling. The butcher may get along on soup bones in order to sell the fat steaks to the other fellow. The banker isn't necessarily rich because it is his business to handle money—mostly other people's money. We are all doing the best we can. The small depositor is treated as fairly as the big financier at our Bank. Kindness, courtesy, sympathy, service, these are the things that count among sensible people everywhere.

## METHODIST PREACHER UNSTINTED PRAISE

Rev. Thomas Orman, Pastor of the Liberty All Methodist Church Praises Peptona

"I am satisfied Peptona is a great medicine, for I have given it a fair trial and it has proved in my case that it will do the work. For some time before I got hold of Peptona I was in an awfully run-down condition. My nerves seemed to be on an edge all the time and they just kept me restless and up-set most of the time. My appetite went back on me and my stomach was all out of order and my liver was very sluggish. I certainly was all in and felt that I didn't have any energy left."

Peptona was recommended to me as a wonderful medicine for my condition, and I found it to be the very medicine I needed. I have taken two bottles and I find my condition improved wonderfully. I want to be eating all the time. Nothing seems to hurt me. My liver has been stimulated to old-time form. My nerves are good and strong and I sleep all night long. I feel like a new man.

"Peptona has put me in fine shape and I believe it will do the same if others will give it a fair trial."
